

BUILD INVEST IN YOUTH ENTREPRENEURS & EMPOWER THE LEADERS OF TOMORROW

BE PART OF THE SOLUTION

BUILD is a game-changing youth development organization that uses entrepreneurship to ignite the potential in high school students from under-resourced communities and put them on the path to college and career success. It is like Shark Tank for teens. In the process of launching and running real businesses, BUILD students develop hard and soft skills necessary to thrive in the 21st-century economy. Since our founding in East Palo Alto in 1999, BUILD has changed the trajectory of thousands of students' lives in the Bay area, Boston, Washington D.C., and New York where we launched in 2016.

PARTNER WITH BUILD NYC

Together we can break down the systemic socio-economic barriers that exist for Black and Brown youth and create a more just and equitable society. Your donation will help BUILD students gain the coaching, skills-based training, and increased confidence they need to become successful high school entrepreneurs, college-going students, and business professionals. **Your Investment will SUPPORT:**

College & career prep curriculum enrichments

Mental wellness activities & workshops

Diversity, equity, & inclusion instruction for board, mentors, & staff

Teacher, mentor, & volunteer training & support

Career awareness & networking events

Virtual & in-person college tours

Financial literacy training

BUILD PARTNERSHIP LEVELS

BUILD serves 400+ high school students and alumni at six partner schools in four boroughs in NYC.
